

Trail Clearing Day, Catamount State Forest

Saturday July 18th, 2009

9:30AM to 3:00PM

Meet at the State Forest property on North River Road,
Charlemont/Shelburne town line, at 9:30AM.

Call for volunteers to assist in clearing trees, limbs and brush along 1 ½ miles of trails in the Catamount State Forest. The volume of debris is large due to the December ice storm. Skilled volunteer alumni of Americorps/MassParks Student Conservation Association will join the effort. You need not be particularly strong; there are plenty of small branches along with the large!

This will be a small to moderate sized work party. Long pants, work gloves; sturdy work shoes and hand tools you care to use are recommended (Bow saw and/or pruner) or just your arms to move brush.

Please join us from for all or part of the day.

For more information on this or continuing trail clearing efforts, please contact: Bill Tarkulich bill.tarkulich@iabsi.com or phone 781 799 2930
